

FIRST EUROPEAN July 25 - Aug 5, 2022 SUMMER SCHOOL IN CANADIAN STUDIES

A collaboration between the
Canadian Studies Centres of the
Universities of Vienna and Innsbruck

A very warm and heartfelt welcome to all our participants, lecturers, and friends!

After two years of the Covid pandemic, we are happy to finally realize our heart's project, the first European Summer School in Canadian Studies, this summer.

We are particularly proud that the two Canadian Studies Centres of the universities of Innsbruck and Vienna have succeeded in combining their efforts to create an international academic event, whose aim is to provide a new generation of academics with an interdisciplinary and contemporary approach to Canada.

It is a happy coincidence that the first ESSCS takes place at the same time as the 70th anniversary of the establishment of diplomatic relations between Canada and Austria. It seems timely to further develop our reciprocal understanding with regard to cultural, political, and economic issues. But it is not just about Austria and Canada: It is our deep concern to bring together students from various countries in Europe and beyond, and to allow them to build multinational networks for future dialogues leading beyond national myths and stereotypes.

We wish you two inspiring weeks in two of Austria's most beautiful cities, Vienna and Innsbruck!
